SYNOPSIS

This Act adds the existence of the Division of Legislative Services and the Office of the Controller General into Delaware Code.

Chapter 11 of Title 29 details the creation of Legislative Council, as well as the authority of the Council to appoint a Director of the Division of Legislative Services (Director) and a Controller General. Chapter 11 further states that the Director shall organize and supervise the Division of Legislative Services and that the Controller General may be provided with additional employees to enable the Controller General to perform their duties. However, our Code does not create the Division of Legislative Services or the Office of the Controller General, which are the offices overseen by the Director and Controller General, respectively.
